To date I have resided in East Peckham with my husband John for 13 years and 'I love where I live'.

I wanted to put some of my energies into helping my local community and that is why I originally put my name forward for Parish Council. During our Meetings, I always make myself available to contribute my experience and mature common sense to any given discussion.

In general I feel that I have the stamina and ability to see a given project through to completion. Since being on Parish Council, two of my achievements are, organising the 2016 Village Centre Christmas Lights which included several events in the run up to Switch-On Day, and arranging the start of The East Peckham Table Tennis (For Fun) Club which now successfully runs twice weekly at the Jubilee Hall.
