

# Turn your food waste into a beautiful garden with your own Home Composter.

**Summer means even more garden cuttings to add to your food waste and cardboard in your green-lidded bin so it's a great time to get into home composting.**

Not only is it really convenient to have a composting heap or bin at home (you're much less likely to over-fill your green-lidded bin or need to visit a tip), your garden is going to love the rich compost that you can make in a purpose-made compost bin.

## Free caddy

Contact [waste.services@tmbc.gov.uk](mailto:waste.services@tmbc.gov.uk) today for your free caddy!

## Get composting

To get things moving go to:

[www.getcomposting.com/composters](http://www.getcomposting.com/composters) or [www.greatgreensystems.com/promotions/tonbridge/](http://www.greatgreensystems.com/promotions/tonbridge/) to choose your bin, get a reduced price and delivery to your home.

## Free kitchen caddy

We are also offering residents a free kitchen caddy so that your kitchen waste is even easier to feed into your compost bin or green-lidded bin, whichever is most convenient for you.

Remember to use paper liners (try Alina on **0330 22 333 55** or visit [www.alina.co.uk](http://www.alina.co.uk)).
