

Hello Eileen, Sylvia , Peter!

I would like to thank you again for your help and involvement in helping me to prepare what was a successful morning on Saturday:

The walk across the Downs and the warm welcome at the Sports Hall, which was so much appreciated by our group of ramblers!

In the afternoon, we walked along the cliffs of Dover, above the port of Calais. Wonderful views! The weather was sunny although a bit windy (but be reassured no losses down the cliffs ...everybody was safe and sound ....!)

I've sent you a translation of the message from Bernard to you and 2 photos which illustrate that memorable day, which went according to plan and without a hitch!

We got to Chéreng at 9:20, local time, which was a relief to a group of people, who could have a small rest before flying to Greece for a 15 day holiday organised by the town hall.

THANK YOU AGAIN!

Bruno
