

**Action plan and related budget responding to community engagement.**

**Forward**

Throughout the year the Parish Council consults with the residents and stake holders of the parish on a number of issues which includes determining the level of satisfaction for the services East Peckham Parish Council is empowered to provide.

Consultation takes place in many ways such as face-to-face, via the website [www.eastpeckham-pc.gov.uk](http://www.eastpeckham-pc.gov.uk), via the Parish Councils Monthly newsletter EPPC News, Twitter @EastPeckhamPC and by survey. The Clerk and Councillors believe that the most effective form of consultation is carried out face-to-face as this gives the public an opportunity to speak directly to their parish councillors. This type of consultation also gives the council an opportunity to put on display current information about local council projects and events.

**Actions**
